**Community Garden Space Contract**

I will pay a fee of \$\_\_\_\_\_ for a \_\_\_\_\_plot designated for me at the beginning of the season.

I understand that the farm is organically managed and I agree not to use synthetic fertilizers or harmful chemicals, insecticides or herbicides on the site.

I will notify garden leaders if I must abandon my plot for any reason.

I will keep weeds down and maintain my plot for the entire growing season. I understand that garden staff reserve the right to till under plots where many weeds going to seed will affect others.

I will not grow overly tall crops in areas which will shade neighboring plots.

I will keep trash and litter cleaned from my garden space.

I will bring my personal tools to work in the garden.

I will participate in the spring work event and/or fall cleanup of the community garden.

I will not bring pets into the garden. I understand that though leashed dogs are allowed on the farm property, I will be solely responsible for any and all damages a dog in my care inflicts on farm property, persons and their property, and the garden plots.

I understand that in the event of a drought I may be required to support farm staff in procuring adequate water for the garden.
