Your Produce!

produce for the people

Everyone deserves access to fresh, nutritious produce. With the help of local organizations, fresh produce will be shared by neighbors within our community. Produce for the People is a partnership campaign to ensure everyone has access to fresh, local food by collecting and dispersing surplus produce grown by gardeners and farmers.

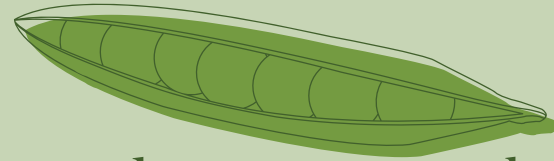

You can help by growing additional produce and sharing at Produce for the People collection locations to be announced soon. Food will then be collected and dispersed to the local food shelf and other meal programs. Learn more at today at www.EatLocalVT.com/Produce-for-the-People.
